

To Whom It May Concern

Company Profile

M.M.C. INTERNATIONAL. B.V. established November, 1992 and located in Breda
The Netherlands.

M.M.C. is specialized in the production of Narcotic and Precursor Identification Tests. The Narcotic and Precursors Tests are developed in close cooperation with Police and Customs & Excise authorities. The company is certified by TUV and awarded with the EN ISO 9001-2015 Certificate M.M.C. International has a worldwide network of approx. 40 Distributors.

M.M.C. International's laboratory is especially focused on the production and development of narcotic identification products. The tests are produced in accordance with the requirements set by Police Forces, Customs & Excise and Forensic Laboratories.

The ampoules are filled with special treated solid materials which are impregnated with very high quality reagents and a blanket of high purity nitrogen and hermetically sealed. Each batch is continuously tested and registered.

All products are stamped with a batch number, production and expiry date.

The major clients are: Police, Customs & Excise, Prisons and Law Enforcement Authorities.
